

Shetland - Speedwell

£ 499

Description

This Shetland Speedwell shell has been with us for many years and now we need the space! Supplied on a trailer, this project is literally a shell and requires everything you can imagine from steering/controls to internal fitting out. Ideal for a home project as it would sit nicely on the drive! She is 20' 3" long and 6' 10" beam (wide) the trailer sticks out a couple of feet longer. Her topsides are original gelcoat and will be easily polished, her hull is painted but it is in good condition. The trailer requires attention, the structure of the trailer is sound but the tyres require replacing and the bearings probably the same. We are happy to do this work should the purchaser require it. Prices can be supplied... We require the boat to be removed, we no longer have the long-term space for it, however we are happy to store for the rest of this winter if required which would be £18 inc VAT per week. If you have any more questions, please ask and we will do our best to answer!

Sales status: sold

Manufacturer: Shetland

Model: Speedwell

Length: 6.17 m

Beam: 2.08 m

Draft: 0.25 m

Weight dry: 600
