

Seamaster - 28 Commodore

£ 3,999

Description

This is a 1970's Seamaster 28 Commodore with a single Thorneycroft Diesel inboard engine. Currently out of the water, she can be launched FOC into the water or onto transport. The only requirement is that it has to be taken away within 4 weeks of sale. Good points: The boat floats, runs and drives. (We will make sure it starts and runs!) It is actually quite watertight above the waterline. There are a few leaks to be looked at but overall it isn't bad! The roof has recently been renewed We have resealed the stern gland so it doesn't let water in. The topsides are gelcoat Bad Points Needs a lot of work! Pretty much the whole interior is wrecked. Mostly rotten or removed. Canopy is wrecked Needs batteries The boat is a general mess. It has not been underwater or anything but does need a lot of attention. It is currently located at Boroughbridge Marina, YO51 9GF and viewing is available Monday to Saturday 9-4 For further questions or more pictures, please drop us a message.

Sales status: sold

Manufacturer: Seamaster

Model: 28 Commodore

Year built: 1969
